Typology	Floor
Utilisation	External

230V 104 W 5370 lm

diffuse light

Thanks to the Tunable White LED (dynamic white) technology, the Biconica Pol lamp can reproduce the natural course of daylight by the possibility of modulating the color temperature of the LED light sources.
Through the use of the supplied remote control, users can "tune" the color of white as needed or desired to values between 2500 K and 6700 K, enhancing the most subtles tonalities and improving the quality of perception. They can achieve high-quality color yield (Ra 90) without altering the colors.

Standing lamp, diffused light, for outdoor use. Structure in rotomolded white polyethylene material.
White or RGB LED light source. Complete with dimmable power adapters with cable and plug for outdoor use. Protection rating: IP65.

Family	Biconica Pol
Typology	Floor
Utilisation	External

Dimensions

Height	195 cm
Diameter	38 cm
Power supply cable length	300 cm
Weight	12.4 Kg

Materials

Structure	polyethylene	Base	iron

Voltage	230V	Watt	104 W
Power unit	Included	Lumen	5370 lm
Mounting Power Supply	In the lamp body	CRI	>80
Power supply	Electronic power supply	Duration	50000 h
Dimming	Remote control	CCT	2700 K 6000 K
		Energy class	F

Certifications

IP65
