

629/SC cobra scorpius

design elio martinelli, emiliana martinelli, 1968

A cosmic Cobra! Scorpio crossed by the Milky Way. Scorpio is one of the brightest and most beautiful constellations to observe. Majestic and yet fearsome, it embodies two strong instinctive features: a great energy and a magical ability to read into the human spirit. Undisputed master of the mysterious world of instincts. Tenacious and persevering, stubborn I'd say. Brave, taking spur from risk. With a great intuitive ability and a capacity for observation. Rational and farsighted. Curious, lover of competition and of a worthy opponent to make the game more challenging and hence more fun. The lower body part turns on a steel made base connected with the upper body part by means of a central joint for a 360° rotation. The interior reflector is made with white painted aluminium. Designed by Elio Martinelli in 1968, Cobra is one of the first lighting fixtures produced with a special resin molding system. The lamp is characterized by simple lines and a geometric shape inscribed in a sphere, but, with the rotation of the arm, the reflector takes a position that recalls the head of a cobra ready to shoot.

629/SC cobra scorpius

family:	cobra	Body Color:	
Designers:	Elio Martinelli, Emiliana Martinelli	Diffuser Color:	
Utilization:	indoor	Body Materials:	resin
Typology:	table lamps	Diffuser Materials:	resin

Market: This item is available in the following countries:
EUROPE

Dimensions

Width:	-	Hole Diameter:	-
Height:	40 cm	Hole Depth:	-
Length:	-	Net weight:	8,5 Kg
Depth:	-		
Diameter:	40 cm		

Light Source

Watt:	12W E27
Lumen:	1410 lm
Light Source:	led
CRI:	>80
duration:	25000
CCT:	3000K
Energy degree:	A+

Device Specifications

Type of emission:	direct	Power cable length:	40+200 cm	Driver:	-
Power:	15W	Steel cable length:	-	Power supply assembly:	-
Light output:	1147lm	Glow Wire Test:	-	Power supply:	-
Beam angle:	-	Impact Resistance:	-	Type of dimming:	-
				Voltage:	230V
